

Omega Fatty Acid Content

Clinical Application	OmegaGenics Formula	EPA (mg) Per Softgel	DHA (mg) Per Softgel	Other Omegas	Delivery Form	Triglyceride/Ethyl Ester	Third-Party & Additional Testing
General Support	OmegaGenics EPA-DHA 300	180	120		Softgel	TG	✓
	OmegaGenics EPA-DHA 300 Algae	90	180		Softgel	TG	✓
	OmegaGenics EPA-DHA 500 EC	300	200		Enteric-Coated Softgel	EE	✓
	OmegaGenics EPA-DHA 500	300	200		Softgel	EE	✓
Advanced Support	OmegaGenics EPA-DHA 720	430	290		Softgel	EE	✓
	OmegaGenics EPA-DHA 1000	710	290		Softgel	TG	✓
	OmegaGenics EPA-DHA 2400	1410	990		Liquid	TG	✓
Targeted Support	OmegaGenics Mega 10	330	170	110 mg Omega-7	Enteric-Coated Softgel	EE	✓
	OmegaGenics EPA 1200	1200			Softgel	EE	✓
	OmegaGenics DHA 600	60	600		Softgel	EE	✓
	MetaKids DHA (formerly OmegaGenics DHA Children's)	10	50		Chewable Softgel	TG	✓
	OmegaGenics GLA 240			240 mg GLA	Softgel		✓
	OmegaGenics Evening Primrose Oil			369 mg Linoleic Acid, 50 mg GLA	Softgel		✓

The OmegaGenics® Difference

Every OmegaGenics Formula Makes a World of Difference. So Can You.

Metagenics is proud to continue our partnership with Vitamin Angels, a charitable organization that helps provide nutritional support to protect the health of at-risk populations in need—specifically pregnant women, new mothers, and children under 5—in approximately 45 countries. In the last year, contributions from OmegaGenics product purchases helped over 100,000 children in need.

Discover the OmegaGenics Family.

For over 30 years, Metagenics has been a leader in research and quality manufacturing to create safe and effective approaches to wellness. The OmegaGenics line of formulas is no different. Discover a comprehensive portfolio of targeted omega fatty-acid formulas—designed to suit a wide range of clinical applications and patient preferences.

What Makes Us Different?

OmegaGenics formulas are created for customizable patient protocols, with specialized omega-3 ratios and dosage options to help support areas such as cardiovascular and musculoskeletal health, and immune and cognitive function.* To help increase patient compliance, we offer a variety of delivery forms, including liquids, softgels, and enteric-coated options in both triglyceride and ethyl ester oils, to suit individual patient preferences.

We stand on three pillars of quality—transparency, sustainability, and extensive testing—to bring you advanced nutritional solutions you can trust. That’s our promise.

Our Commitment to You

Transparency We go to great lengths to ensure a high level of quality and consistency in every batch, so you can feel confident that what’s on the label is exactly what’s in the bottle.

Sustainability Our fish are always sourced from fisheries that observe best practices for protecting endangered species and their ocean environments. To ensure the lowest environmental impact, we partner with Friends of the Sea—a third-party organization dedicated to the preservation of the marine habitat.

Extensive Testing Every batch is third-party tested by Eurofins, a leader in environment and biopharma testing, for over 450 contaminants including heavy metals and PCBs. Beyond that, we perform in-house testing for microbial contaminants and conduct quality measures (softgel disintegration time, shelf stability, and taste and tolerance) to ensure safety and potency.

What We Test

Eurofins Assays

Heavy metals (non-nutritive, potentially toxic)

- ✓ Lead
- ✓ Cadmium
- ✓ Arsenic (inorganic)
- ✓ Mercury

Environmental toxins & pesticides

- ✓ 90 organochlorine pesticides & pyrethroids
- ✓ 116 organophosphorus pesticides
- ✓ 209 markers of PCBs
- ✓ 17 dioxins & furans
- ✓ 13 polycyclic aromatic hydrocarbons (pollutants)
- ✓ 3 toxaphenes (parlar compounds)

No “Fishy” Taste OmegaGenics provides a high level of potency and freshness through advanced molecular distillation and selective raw material sourcing. Our formulas are also stabilized with antioxidants like mixed tocopherols, vitamin C, and rosemary extract to ensure optimal purity.

Independent Tests on Raw Materials & Finished Products:

Freshness

- ✓ Peroxide levels (primary oxidation)
- ✓ Anisidine levels (secondary oxidation)
- ✓ Total oxidation (TOTOX) value

Microbial contaminants

- ✓ Total plate count (bacterial culture test)
- ✓ Yeast & mold count
- ✓ Total coliforms (bacteria)
- ✓ Specific coliforms: *E. coli*, *Salmonella*, *Staphylococcus aureus*

Additional Tests:

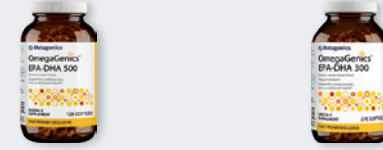

Quality measures

- ✓ Softgel disintegration time
- ✓ Shelf stability
- ✓ Taste and tolerance

OmegaGenics Portfolio

General Support

Supports General Wellness*

OmegaGenics EPA-DHA 500 OmegaGenics EPA-DHA 300

Supports General Wellness with Enteric Coating*

OmegaGenics EPA-DHA 500 EC

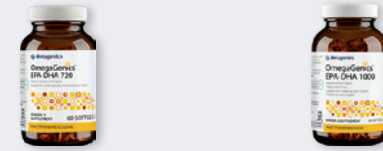

Supports General Wellness for Vegetarians*

OmegaGenics EPA-DHA 300 Algae

Advanced Support

Helps Support Cardiovascular, Musculoskeletal & Immune System Health*

OmegaGenics EPA-DHA 720 OmegaGenics EPA-DHA 1000

Helps Support Cardiovascular, Musculoskeletal & Immune System Health* (in a convenient liquid form)

OmegaGenics EPA-DHA 2400

Targeted Support

Helps Support Cardiovascular Health & Immune Function*

OmegaGenics Mega 10®

Helps Support Cognitive Function & Eye Health*

OmegaGenics DHA 600

Helps Provide Targeted Support for Prostaglandin Metabolism*

OmegaGenics GLA 240

OmegaGenics Evening Primrose Oil

Helps Support Cardiovascular Health and a Healthy Mood*

OmegaGenics EPA 1200

Supports Healthy Brain Function for Children*

MetaKids™ DHA (formerly OmegaGenics DHA Children's)
